1. Election Summary

Total Voters	13692	
Total Participated	11269	(82.3%)

Notes about the Results

Each Question (position) that voters choose a candidate for and click submit is essentially their vote for that position. As they progress through all positions, if they LOGOUT at any time during all questions up to that point are counted. That is why you will see as the run down through all questions to total participation per question will drop.

At the beginning of the election 2FA (two factor authentication) was turned on as a request from the Election Commission. Our system, via the Facial Verification system, quickly identified deliberate attempts to bypass proper facial authentication to vote via 2FA. As a decision by the Election Commissioner and ICC the 2FA was turned off. The votes (totalling 91) have been removed from the tally.

2. Independence Declaration

The Non-Resident Nepali Association, NCC USA – Election 2023 vote has been managed and declared independent of NRNA NCC USA.

No individual vote has been disclosed to NRNA NCC USA.

The Election result has been audited and the declared result is assured.

Vero Voting did not detect any attempt at collusion and the Election Commission has not been informed of any candidate results until this declaration.
